Switch Gears this Summer!

Calling all Students from Kindergarten to Grade 12

Switch gears this summer - read for fun and have a chance to win a new Nintendo Switch!

The Library is having a membership drive for all students from Kindergarten to grade 12. We are encouraging students to sign up for a library card, renew an existing library card, or use their card to check out books or other items.

All elementary and secondary students will be receiving a postcard at their school which contains the full details and their first entry ballot. The ballot is for a free draw for a new Nintendo Switch! Bring your entry ballot to any library location, and apply for a card, renew your card, or use your card to check out items.

Extra ballots will be given to all students checking out books or other items until June 30th.

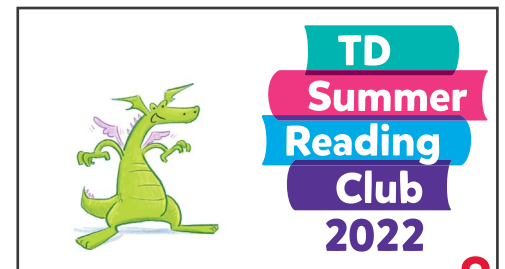

*Did you know that students who read at least five books over the summer can maintain important literacy skills and have fun at the same time? It's a win, win situation.

Monthly Giving Donor Thank You

"When I was little, I used to sit by this window and soak up the sun while pouring over all the books I wanted to take home. It was my favourite part of the week. Now I get to watch my own kids do the very same thing. We became monthly donors because we are so grateful for all the programming and resources for young families that TBPL offers."

Jennifer Dagsvik, Monthly Giving Club member

Join the Monthly Giving Club this Spring!

Giving to TBPL each month is a win-win-win:

WIN #1 It's easy on the wallet: spreading your donation out over 12 months makes it easier to fit into your budget than a lump sum donation.

WIN #2 It's reliable: monthly donors provide TBPL with a reliable source of regular income, making it easier to plan our programs and services.

WIN #3 It's life changing: your support helps everyone in our community in big and small ways. Whether it's access to a computer to write a resume, or a new collection of early reader materials to aid in literacy development - we all win when you support the library!

SOAR Podcast Debuted in April

The Library has been engaged in a multi-faceted project called Stories of Anishinaabe Resilience (SOAR) over the past couple of years. The goal of the SOAR project is to increase awareness and commemorate the history and legacy of St. Joseph's Residential School while also honouring residential school survivors, their families, and communities.

One of the facets of the project involved interviewing Residential school survivors and members of their families impacted by attendance at Residential schools. The intent of the interviews was to put together a podcast series to share their stories of resilience. The podcast has now been completed and debuted on Thursday, April 14 at 10 am on multiple podcast listening apps. New podcast episodes will be available on the last Thursday of each month. There are a total of five episodes and the final episode will air on Thursday August 25, 2022.

Content Warning: Please be aware that the contents and/or subject matter of this podcast may not be suitable for all audiences. The contents are sensitive and may be triggering or cause distress. If you require assistance, please call the National Residential School Crisis Line at 1-866-925-4419.

National Indigenous History Month

For this year's National Indigenous History Month, TBPL will be attending the June 21 National Indigenous People's Day powwow at Fort William First Nation (Anemki Wajiw). TBPL will have an information booth where you can browse a small selection of Indigenous authored books from the Indigenous Knowledge Centre collection, sign up for a Library card, learn about upcoming Indigenous programming and more.

Throughout the month of June, we will have a cloudLibrary shelf dedicated to celebrating Indigenous authors.
